EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark Kachigian on 01/19/2006.

The application has been amended as follows:

In line 5 of claim 7, "applying a blade using horizontal motion" has been replaced by --Using a horizontal motion to apply a blade, guided by a cam track,--.

The following is an examiner's statement of reasons for allowance: a periodical dispenser which uses a cam track guided blade to engage stack of papers in combination with the rest of the claim language is not taught or fairly suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claim 1-7 are allowed over the present prior art of record.
